

• NEW PARKING POLICY •

The parking arrangements for Season Ticket Holders has been substantially changed for the 2019 Season to make it simpler for everyone!

- Season Ticket Holders will no longer be able to obtain a refund of any parking charges.
- Instead, each adult season ticket holder aged 17 and above is entitled to a parking permit for a specific car to park in the Lido car park. This is subject to a maximum of 2 per family season ticket.
- This permit will allow the holder to park the registered vehicle in the Lido car park whilst using the Lido without the need to purchase an individual parking ticket.
- Permits are only valid for the specific vehicles for which they are registered and issued.
- Permits must be displayed on the vehicle front windscreen and be fully visible at all times.
- The vehicle registration number and the number on the permit must be identical.
- Vehicles must be parked wholly within a single marked bay within the Lido car park.
- Vehicles must not be parked in a designated disabled bay unless a valid 'Blue Badge' is also displayed.
- Permits are only valid for the dates displayed on the permit.
- All other rules, regulations and terms relating to the use of the car park apply.
- A permit does not guarantee a space in the car park and you must observe any signs indicated that a parking bay is closed or suspended.
- Parking in contravention of this policy will amount to parking without a valid parking ticket or permit and render you liable to a Penalty Charge Notice. In addition the permit may be cancelled.
- You park your vehicle at your own risk and Sandford Lido Ltd does not guarantee the security of your vehicle or contents
- If a season ticket holder changes their vehicle during the season, then a new permit can be issued but only when the old permit is surrendered.
- If the permit is lost a £10 charge is required for a replacement and the earlier permit issued will be invalidated.
- All parking permits are the property of Sandford Lido Ltd and must be returned upon request.
